A large, abstract, grayscale image with horizontal bands of varying shades of gray, resembling a textured surface or a close-up of a material. The image is composed of many thin, horizontal lines and bands of different intensities, creating a complex, layered appearance. The overall effect is one of depth and texture, with the bands appearing to flow and shift across the frame. The image is presented in a landscape orientation, with the bands running horizontally. The colors range from dark gray to light gray, with some areas appearing almost white and others almost black. The texture is reminiscent of a close-up of a fabric, a piece of paper, or a natural surface like wood or stone. The image is a high-resolution scan, with the individual pixels and lines clearly visible. The overall composition is minimalist and focuses on the play of light and shadow across the textured surface.

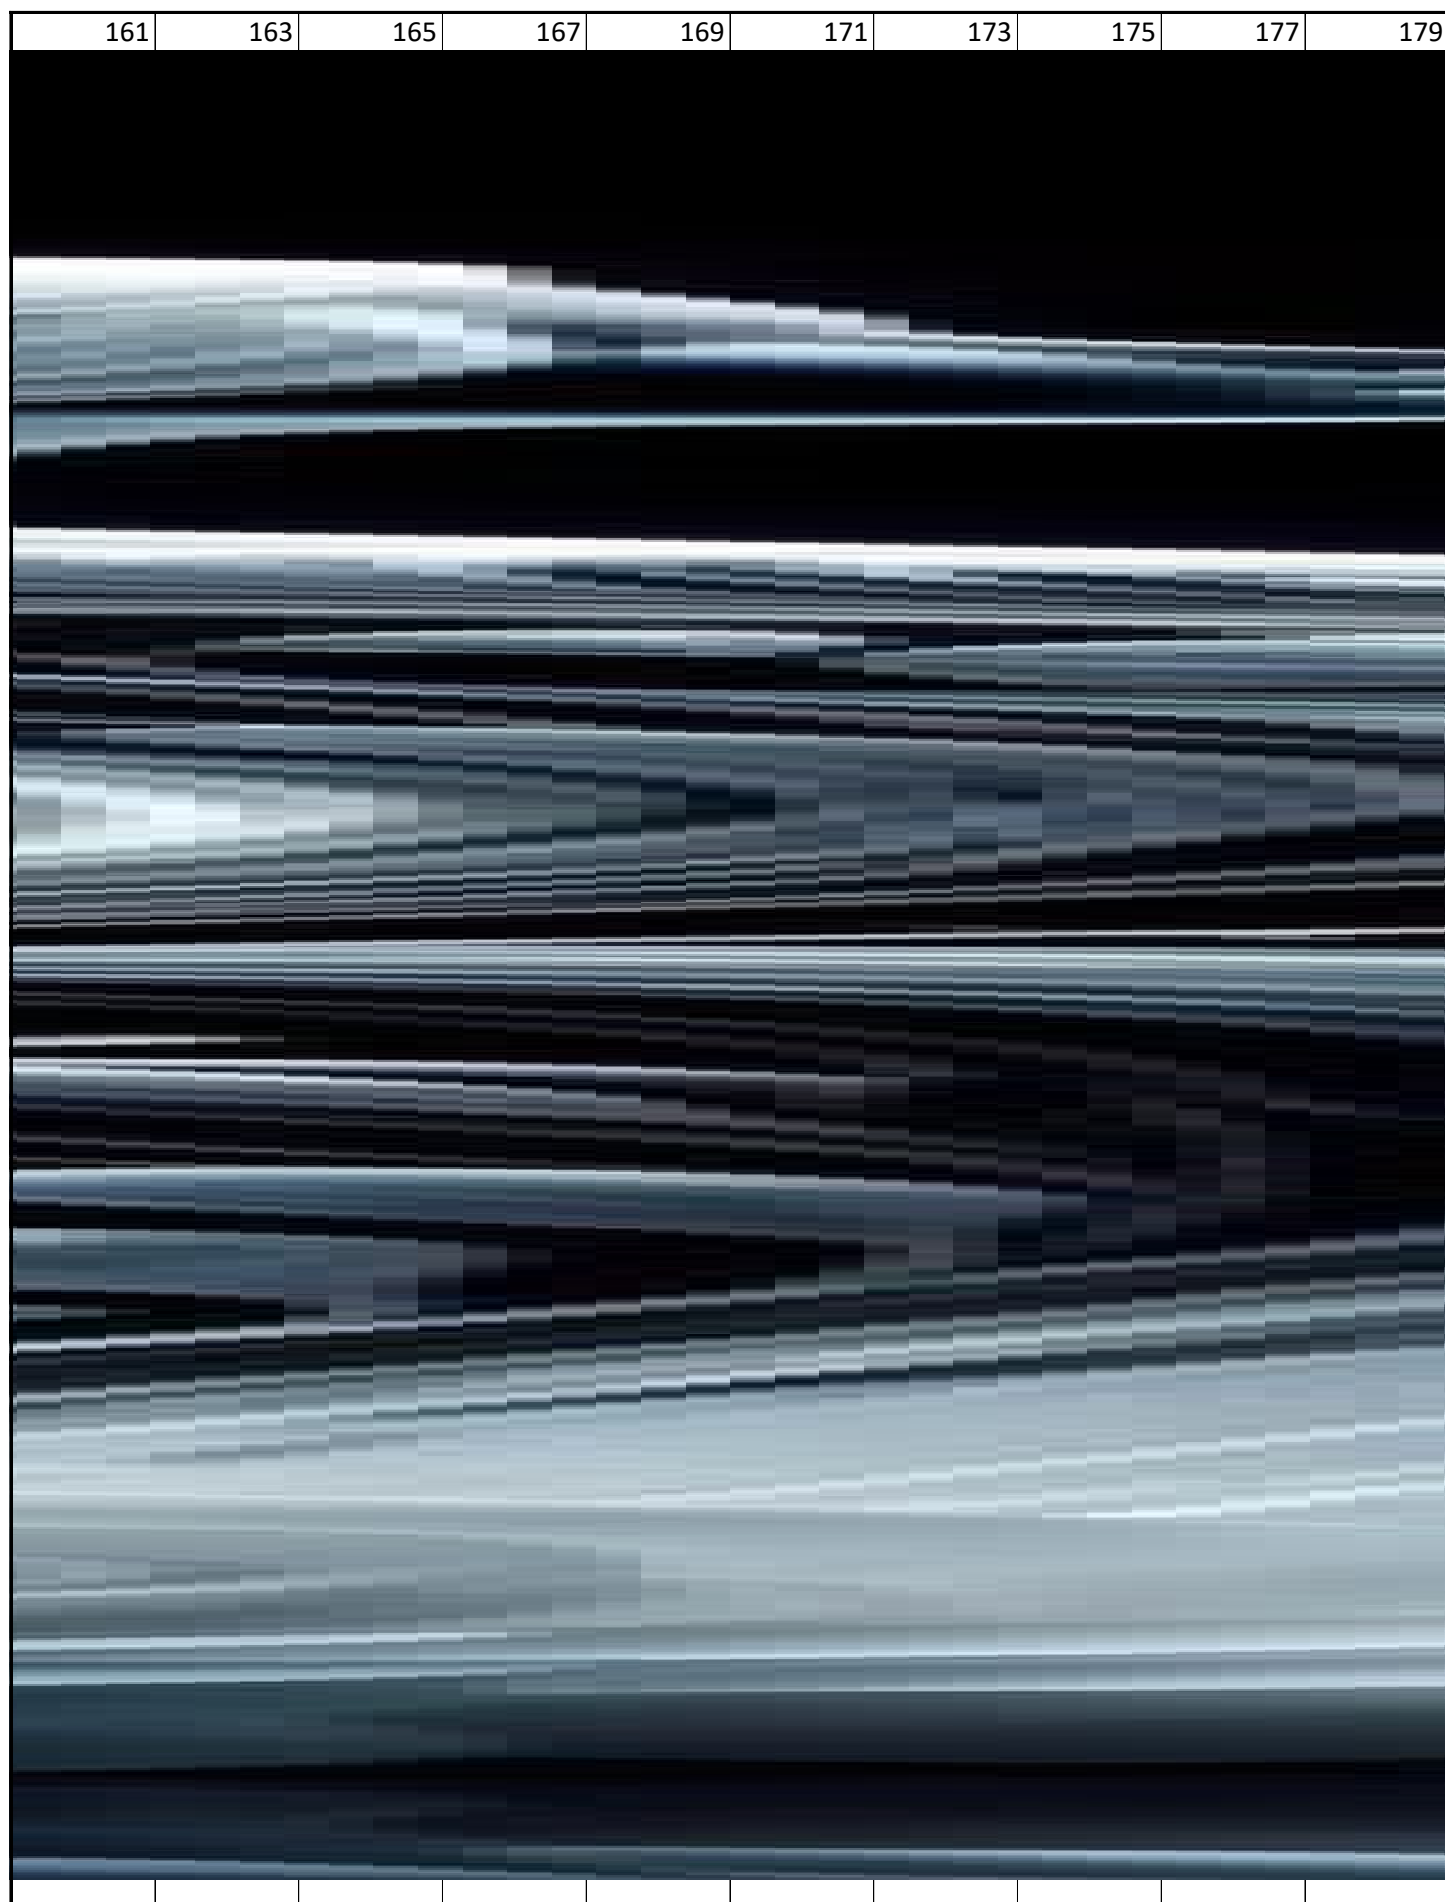

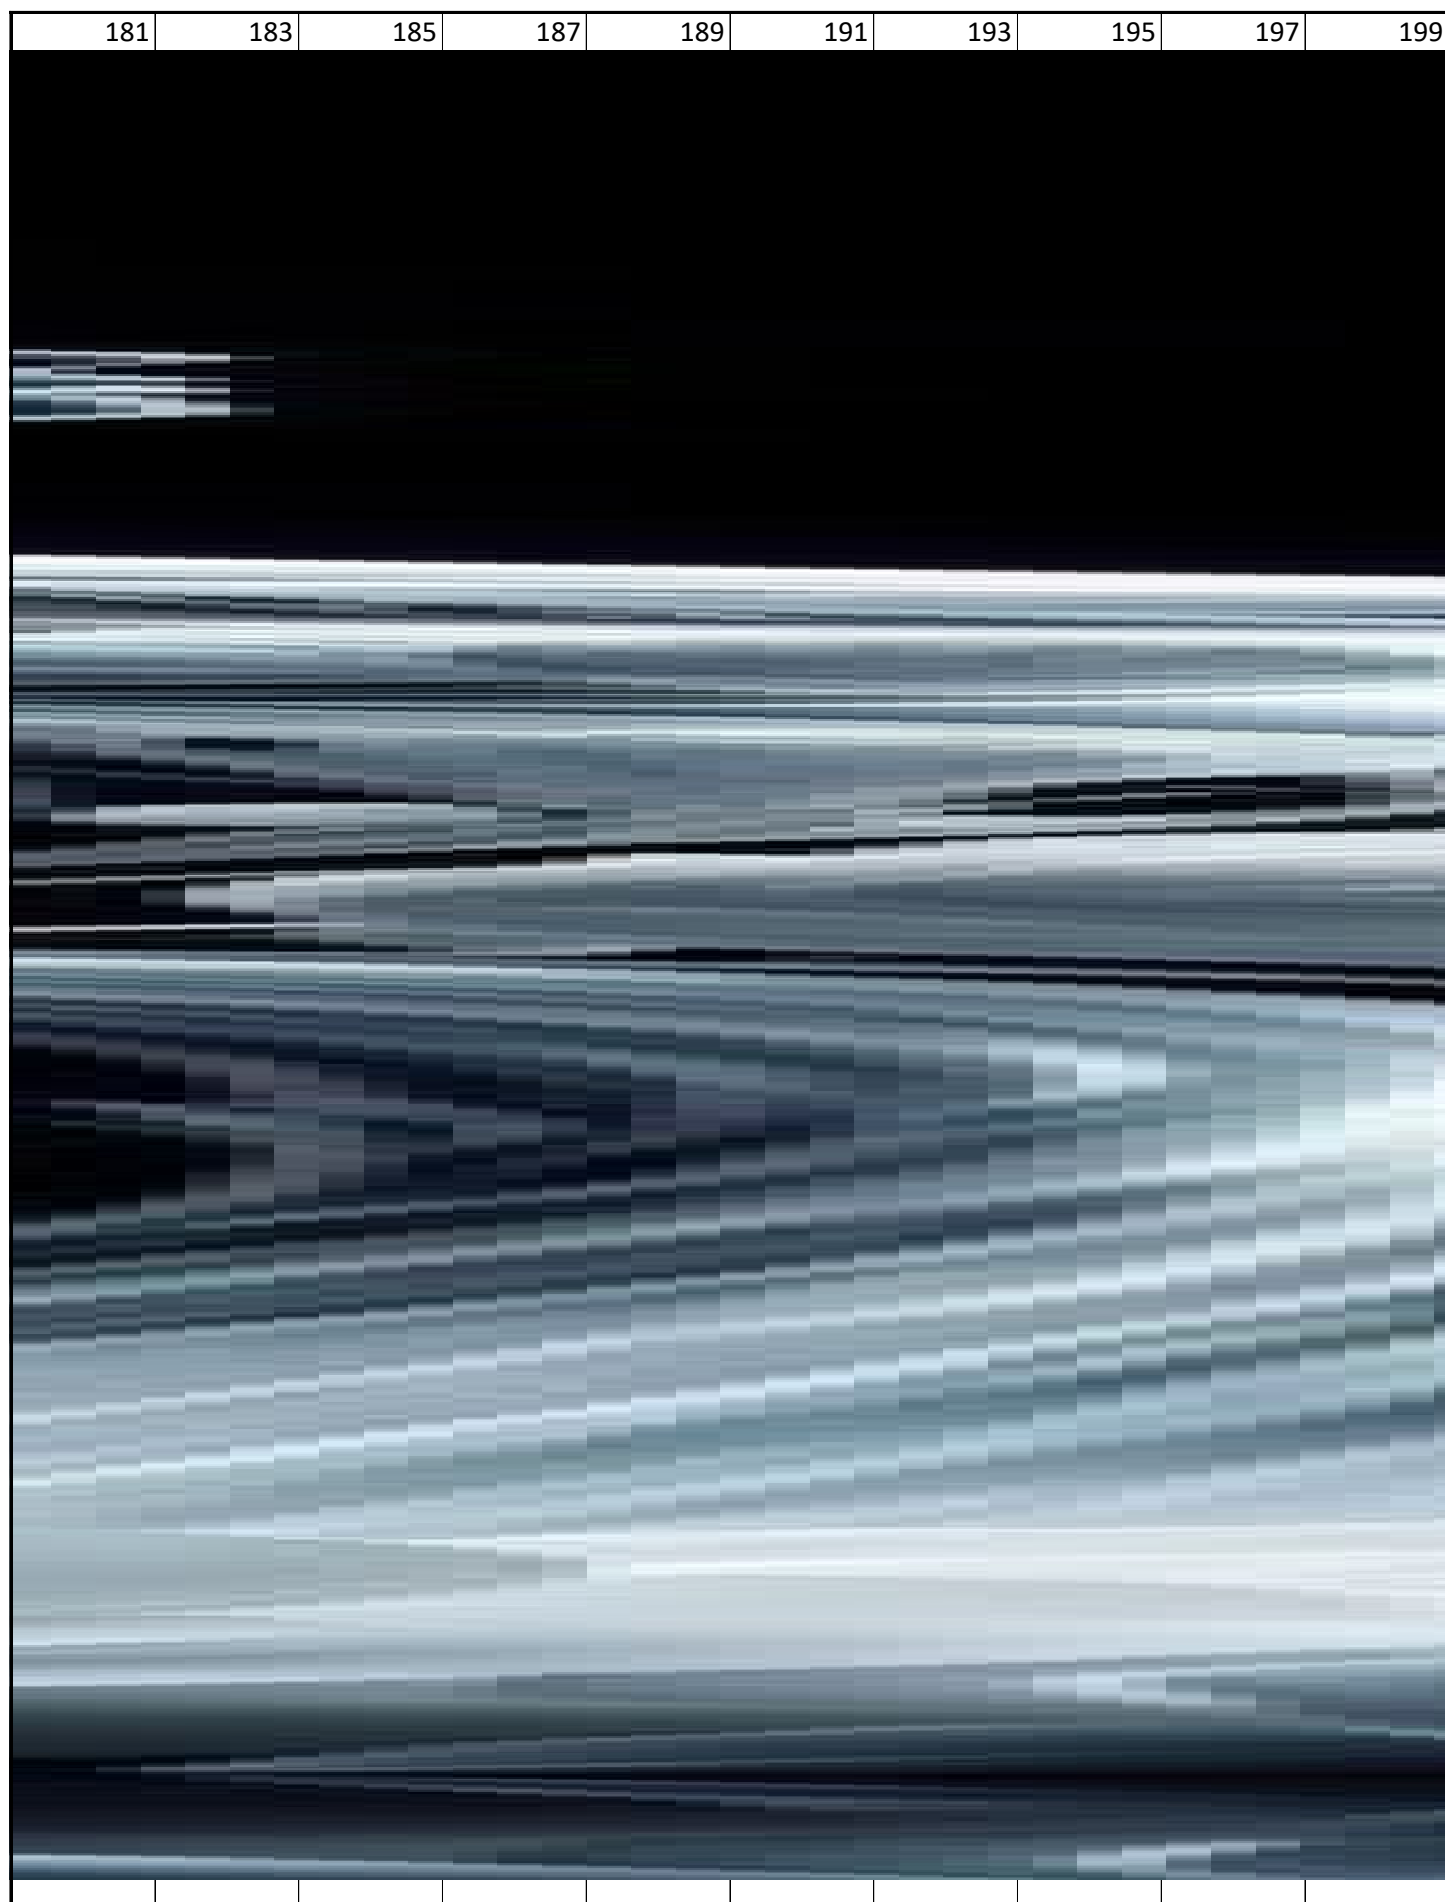

A large, abstract, grayscale image showing a close-up of a textured surface, possibly a wall or a piece of fabric, with a prominent vertical crease or fold running down the center. The texture is rough and uneven, with various shades of gray and black.
